workplace

Lafayette Federal is delighted to share its placement as number 84 out of 250 workplaces in the esteemed 2024 Washington Post Top Workplaces list. This recognition underscores our continuous commitment to prioritizing employee satisfaction and well-being, reinforcing our position as a leading employer in the Greater Washington area.

Our members say the nicest things.

My Lafayette story started in 1994 when I first joined. I did not know what a credit union was about, but my company offered it as a benefit for my direct deposit paycheck. This allowed me to get my money a few days early. Over the years I have had mortgages, car loans, and been able to volunteer to improve the credit union. I have always been very happy with the customer service, even when I was across the country with no access to a branch.

Disclosures

¹APR=Annual Percentage Rate. Your APR may vary. Your rate is determined by adding a Margin (initially determined based on an evaluation of each member's credit score, economic conditions and other risk factors) to the highest Prime Rate published in the Wall Street Journal on the first business day of the current month, and the rate will then adjust monthly (on the first day of your billing cycle), according to monthly increases or decreases in the Wall Street Journal Prime Rate. The APR will not be more than 18.00%, regardless of the Wall Street Journal Prime Rate. The margin applicable to your account is subject to review every 6 months. After a period of 12 months from card issuance, we may increase or decrease the margin applicable to your account based upon changes in your credit history. We will notify you in accordance with applicable law before we apply any margin increase to your account. The margins will range from 4.90%-13.90% as described in paragraph 5 of your Lafayette Credit Union Platinum. ²Must spend \$5,000 within the first 90 days of credit card account opening to earn the 50,000 bonus reward points. Points are applied to the credit card account within 30 days after the required \$5,000 spend threshold is met. Other restrictions may apply. **Lafayette Federal is an equal opportunity lender.**
