Options trading entails significant risk and is not appropriate for all customers. It is important that investors read [Characteristics and Risks of Standardized Options](#) before engaging in any options trading strategies. Options transactions are often complex and may involve the potential of losing the entire investment in a relatively short period of time. Certain complex options strategies carry additional risk, including the potential for losses that may exceed the original investment amount. Supporting documentation for any claims, if applicable, will be furnished upon request.

\$0 commission trading is available only to U.S. residents trading in the U.S. markets through Moomoo Financial Inc. Other fees may apply. For more info, visit moomoo.com/us/pricing

Investing involves risk and the potential to lose principal. Electronic trading also involves risks. The responsiveness of the trading system may vary due to market conditions, system performance, and other factors. Account access and trade execution may be affected by factors such as market volatility.

Interest is earned on uninvested cash swept from customer's brokerage account to Deposit Banks in the Cash Sweep Program "Program Bank". These banks pay interest on the swept cash minus any fees paid to Moomoo Financial Inc. ("MFI"). Once swept to a Program Bank, the customer's uninvested cash becomes eligible for FDIC insurance up to \$250,000 per Program Bank, inclusive of any other deposits the customer already hold at the bank, in the same ownership capacity, which may impact how much is covered. MFI is not responsible for monitoring the amount of each customer's deposits in any Program Bank, whether in the cash sweep program or otherwise, to determine whether the amount on deposit exceeds the FDIC insurance limits. Note, until funds are swept to a Program Bank, they are held in the customer's brokerage account which is protected by SIPC. Once funds are swept, they are no longer in the brokerage account and not protected by SIPC. However, they become eligible for FDIC insurance through the Program Banks. See the [Deposit Bank List](#) for the current listing of Program Banks.
