4 **A non-luxury card for business travelers**

A few cool things about this card: 1. No foreign transaction fee 2. 4x earning on EV charging and gas Some Cons: 1. Earned points are not transferrable to any travel partners 2. It has Priority Pass access but only 4 Passes for restaurants, which I haven't had a chance to use to give more feedback. 3. US Bank online banking system is quite complex. Everything is like a corporate style. Not easy to use.

U.S. Bank offers businesses a comprehensive line of products and services, such as cash flow management, payment processing, remote deposit and much more. To learn more, visit your local U.S. Bank branch to talk with a business banker.

Applies to All Rate Information:

U.S. Bank may change APRs, fees and other account terms in the future based on your experience with U.S. Bank National Association and its affiliates as provided under the Cardmember Agreement and applicable law.

The rate will end early and increase to the APR for purchases and balance transfers or to a Penalty Rate APR if you make a late payment, make a payment that is returned, or your account exceeds its credit limit.

Applies to All Reward Information:

Rewards are earned on eligible Net Purchases. Net Purchases are purchases minus credits and returns. Not all transactions are considered to be Purchases and eligible to earn rewards, such as transactions posting as Convenience Checks; Balance Transfers; Advances (including ATM withdrawals, wire transfers, traveler's checks, money orders, foreign cash transactions, betting transactions, and lottery tickets); interest charges and fees; credit insurance premiums; and transactions to (i) fund certain prepaid card products, (ii) buy currency from the U.S. Mint, or (iii) buy cash convertible items. Please refer to your Cardmember Agreement for additional information. Account must be open and in good standing (not past due or overlimit) on the closing date of the billing cycle to earn and redeem rewards and benefits. Each merchant's business is identified by a category code established by Visa. A Purchase will not earn additional rewards if the category code applied to a merchant is in a category that is not eligible for additional rewards earning. We do not determine the category codes applied to merchants' businesses and reserve the right to determine which Purchases qualify for additional rewards.

1. New Credit Card Enrollment Bonus: One-time 75,000 bonus points will be awarded if eligible Net Purchases totaling $6,000 or more are made to the Account Owner's Card within 180 days from account opening. The Account Owner's Card is the card assigned to the initial applicant of the account and would not include cards used by authorized employees. Net Purchases are purchases minus credits and returns. Rewards are earned based on eligible Net Purchases. Please allow 1-2 statement billing cycles for your bonus points to be credited to your account.

   Maximum Point value applies to Points redeemed for travel, Real-Time Rewards for travel purchases and a deposit into an eligible U.S. Bank Account. The redemption value may be different if you choose to redeem your Points for other rewards such as merchandise, gift cards, and/or statement credit. Other restrictions apply. Establishment or ownership of a U.S. Bank Account or other relationship with U.S. Bank is not required to obtain a card or to be eligible to use Points to obtain any rewards offered under the program. Minimum redemption amounts may vary and are subject to change without notice. Points will expire if there is no reward, purchase, or balance activity on your account for 12 consecutive statement cycles.

   This offer may not be combined with any other bonus offer. Subject to credit approval.

2. You will earn 1 Point for every $1 spent in eligible Net Purchases.

You will earn 5 Points (1 base and 4 additional Points) for every $1 in eligible Net Purchases spent on prepaid car and hotel reservations purchased in the Travel Center using your U.S. Bank Business Altitude® Connect Visa Signature® Card instead of Points. Prepaid car and hotel reservations in the Travel Center are not classified as a travel provider category merchant transaction and are not eligible to receive the additional Points for that category. Please allow 1-2 statement billing cycles for Points to be credited to your account.

You will earn 4 Points (1 base and 3 additional Points) for each $1 on the first $150,000 spent during each account calendar year on combined eligible Net Purchases made directly with merchants that are classified as a travel provider category transaction (such as purchases made directly with airlines, hotels, car rentals, taxicabs, limousines, passenger trains and cruise line companies) and for purchases made with merchants classified as a gas station or electric vehicle charging station excluding wholesale clubs and discount stores/supercenters. After $150,000 is spent on combined purchases during the calendar year in these categories, you will earn 1 Point for each $1 spent, with no maximum.

You will earn 2 Points (1 base and 1 additional Point) for every $1 spent in eligible Net Purchases during each billing cycle for any merchant classified as a restaurant, fast-food restaurant or bar, and cellphone provider, with no maximum.

3. Certain conditions and limitations apply. Complete Reward Program Rules will be provided once you become a cardmember.

4. Certain terms, conditions and exclusions apply. Please visit [prioritypass.com/usbankbizconnect] to enroll in Priority Pass and for further details. Offers vary by location. View terms and conditions at prioritypass.com/en/conditions-of-use.

5. From time to time we may offer you the benefit of our U.S. Bank ExtendPay® Plans, which allow you to pay off balances in fixed monthly payments over time and still avoid paying interest charges on new Purchases. Only your company’s Authorized Officer (AO) may enroll in an ExtendPay Plan. All references to "you" and "your" apply to the AO. Accounts set up for which multiple billing statements are issued do not qualify. If your company’s card program is set up with central billing, the AO may select ExtendPay eligible Purchases when viewing the central billing account (which includes Purchases made on employee cards). If your company is set up with individual billing, the AO may only select Purchases made on their own card account. You may designate up to 50% of your credit card line ($100 minimum) in eligible credit card purchases and pay in monthly installments with just a small fixed monthly fee. Only Purchase balances are eligible for ExtendPay Plans. Transactions identified as Advances or Balance Transfers (as defined in your Cardmember Agreement), and any interest or fees, including Annual Fee, do not apply. The only Purchases that will appear as "Eligible Purchases" in the enrollment process are Purchases that were made within 60 days prior to signing up for an ExtendPay Plan, are over $100, and are less than your Purchase balance when you sign up for an ExtendPay Plan. Any unpaid balance remaining on an ExtendPay Plan after the chosen pay-back period will be subject to the APR and minimum payment calculation for purchases outlined in the Cardmember Agreement. The monthly fixed fee will be determined when your ExtendPay Plan is created and is provided to you before you complete setting up an ExtendPay Plan. This fee will remain the same until the ExtendPay Plan is paid in full. The monthly fixed fee of the ExtendPay Plan is based upon the original principal amount, Purchase APR, and other factors.

6. In order to be eligible for the $25 rideshare service credit, you must make at least one rideshare service purchase per month for 3 consecutive months. The month following 3 consecutive rideshare service purchases, your credit will be processed, and you will not be eligible to earn toward your next rideshare service credit. Starting the month after your credit is processed, you will again be eligible to earn the service credit for 3 consecutive months of rideshare service purchases. Rideshare service purchases must be made directly with a rideshare provider such as Uber and Lyft, including taxi services. Each merchant's business is identified by a category code. We do not determine the category codes applied to merchants' businesses and reserve the right to determine which purchases qualify for this credit. We reserve the right to adjust or reverse any portion of all or any rideshare services credit for unauthorized purchases or transaction credits. The credit will be applied to your card account within 1-2 statement billing cycles after earning the credit.

7. Points will expire if there is no reward, purchase, or balance activity on your account for 12 consecutive statement cycles.

8. Maximum Point value applies to Points redeemed for travel, Real-Time Rewards for travel purchases and a deposit into an eligible U.S. Bank Account. The redemption value may be different if you choose to redeem your Points for other rewards such as merchandise, gift cards, and/or statement credit. Other restrictions apply. Establishment or ownership of a U.S. Bank Account or other relationship with U.S. Bank is not required to obtain a card or to be eligible to use Points to obtain any rewards offered under the program. Minimum redemption amounts may vary and are subject to change without notice.

Balance Transfer transactions from other U.S. Bank National Association accounts are not permitted. Balance transfers submitted at time of application will be held for 10 days before processing.

The creditor and issuer of these cards is U.S. Bank National Association, pursuant to a license from Visa U.S.A. Inc. or Mastercard International Incorporated, and the cards are available to United States residents only. Mastercard is a registered trademark and the circles design is a trademark of Mastercard International Incorporated.
